### ALASKA IS OVERCONSERVED

JACOB H. SCHIFF SAYS THAT IS HIS LIEB

Only Way to Attract Capital and Immigrants is to Extabilish Commission Which shall toward the Country's Resources According to Fixed Plan.

centerday after an extended trap-Alloska. Its speaking about some of number said the best way to develop the coal and timber resources of the country would be under the direction of a Govern. ment commission. Capital was easily and immigration was on a small scale because people didn't know what they would find when they got there.

The three great natural products of Alaska," said Mr. Schiff, "are metals fish and coal. The fisheries appear to be very prosperous. The development of have had little public sympathy, as their metals needs the building of railroads and wagon roads to make the various deposits accessible.

Bremen. Aug. 11 - The shipbuilding a policy by the development. At the present time coal in Alaska is worth something like \$17 ton, and it is altogether British Columbia to lock out men in several places and the coal. If the Alaska mines were opened \$1.75 to perhaps \$1 a ton. The demand for conservation is good enough in its way, but it must not go so far as to seal

That is practically what it is doing in Alaska. Capital is idle just now, and it is readily frightened, and the reason that the population is not increasing is that those who intend to immigrate do not know what they can count upon, and as a result there is no inducement for permanent

cually its coal and timber, could be devel-Commerce Commission, a body which shall determine how fast coal may be taken out and timber cut, what royalty shall be paid to the Government, and perhaps even what percentage of profits should be permitted to be made by promoters and corporations who desire to work these resources. But the present state of affairs is certainly not encouraging, and if it is insheries dispute, began his concluding sisted in it will drive away a good part f the Copenhagen conference of the comparatively small population of The circular declares that the seamen Alaska.
